

THIAM FLY BAIT

Environmental Health · Pesticides

Pack size: 1 liter · Form: baits

Target: mosquito

Active Ingredients

- Thiamethoxam (Z-9 Tricosene) 0.5% (w/w)
- Imiprothrin 0.07 + Cypermethrin 0.2% Aerosol
- Inert Ingredients: 99.5% (w/w)

Key Features:

- Innovative Formulation: Cutting-edge granular formula for superior control.
- New Mode of Action: Effectively manages fly populations resistant to other chemicals.
- Highly Attractive: Irresistibly appealing to flies.

Thiam Fly Bait can be used for control of flies.

Application Areas:

- Ideal for outdoor spaces: restaurants, supermarkets, bakeries, hotels, warehouses, meat, dairy, and poultry facilities.
- Suitable for schools, horse stables, and areas away from children and animals.
- Perfect for indoor use within bait stations and poultry farm corridors.

Rate of Use:

- Spread at a rate of 1 to 2 grams per 1 square meter.
- Repeat application every 7 days for optimal results.
